CAREER HIGHLIGHTS AT A GLANCE

15%	12%	18+	350+	95%	30+
Improved Service Turnaround	Reduced Repeat Repairs	Technicians Managed	Monthly Service Jobs	Customer Satisfaction	Dealer Monitoring

PROFESSIONAL SUMMARY

Mechanical Engineer with 11+ years of experience in automobile service operations, workshop management, technical troubleshooting, warranty administration, and after-sales service support. Proven track record in leading teams of up to 18+ technicians, handling 350+ monthly service jobs, reducing repeat repairs by 12%, and improving service turnaround time by 15%. Skilled in technical diagnostics, dealer support, KPI monitoring, and service process improvement. Seeking a senior leadership role where technical expertise and management capability can drive organizational growth.

CORE COMPETENCIES

✔ Workshop Operations Management	✔ Aftersales Service Management	✔ Technical Diagnostics & RCA	✔ Warranty Administration
✔ Dealer Support Coordination	✔ Team Leadership (18 Technicians)	✔ KPI Monitoring & MIS Reporting	✔ EV Service Readiness
✔ Preventive Maintenance Planning	✔ Service Quality Improvement	✔ Customer Relationship Management	✔ Root Cause Analysis

PROFESSIONAL EXPERIENCE

Coordinator – Aftersales Service (Assistant Manager), 2W, 3W & 4W Vehicles

UTTARA MOTORS LIMITED *January 2021 – Present (5.4 Years)*

Key Responsibilities:

- Manage daily workshop and service operations for two-wheelers and three-wheelers.
- Supervise a team of **18+** technicians and service staff to ensure consistent service quality.
- Monitor dealer service performance through DMS and MIS reporting.
- Process warranty claims in compliance with company policy and minimize rejection rates.
- Prepare monthly service performance reports and KPI analysis.
- Coordinate customer complaint handling and organize technical training programs.
- Improve service workflow, reducing service turnaround time by **15%**.

Key Achievements:

- Improved service turnaround time by **15%** through streamlined daily operational processes.
- Reduced repeat repair cases by **12%** via accurate root cause diagnosis and preventive measures.
- Managed a direct team of **18+ technicians** and oversaw **150+ monthly service jobs** with consistent quality delivery.
- Reduced vehicle delivery delay through better manpower allocation and job scheduling.
- Strengthened warranty claim processing accuracy, significantly reducing claim rejection rates.
- Supervised service operations for multiple dealers across assigned regions.

Senior Service Engineer – Workshop In-Charge (4W-Commercial Vehicles)

RANKS MOTORS WORKSHOP LTD. (RANGS GROUP) *April 2017 – December 2020 (3.9 Years)*

Key Responsibilities:

- Managed commercial vehicle workshop for Eicher (Bus & Truck), Tata, Ashok Leyland, Jack, and Toyota Dyna.
- Diagnosed complex diesel engine, CRDI, and EMS system issues.
- Led technical teams for repair, maintenance, and field service support.
- Prepared service estimates, FIRs, and technical failure analysis reports.
- Maintained workshop tools, equipment inventory, and service documentation.

Key Achievements:

- Reduced repeat repair cases through precise root cause diagnosis and corrective action.
- Improved workshop productivity by optimizing service planning and workflow control.
- Minimized vehicle downtime by enabling faster technical troubleshooting turnaround.
- Supported field teams in resolving critical technical failures efficiently and on time.

Executive – Service (Workshop In-Charge, 4W- Commercial Vehicles)

RUNNER MOTORS LIMITED (RUNNER GROUP) *November 2013 – April 2017 (3.5 Years)*

Key Responsibilities:

- Supervised service activities for commercial vehicles, including PDI and after-sales support.
- Assisted technicians with diagnostics, troubleshooting, and hands-on repair guidance.
- Maintained service records, job cards, cost estimates, invoices, and gate passes.
- Ensured customer satisfaction through timely and quality-focused repairs.

Key Achievements:

- Improved customer service response time through effective service coordination.
- Maintained consistent workshop performance under high service volume and tight deadlines.
- Supported successful pre-delivery inspections (PDI) for new commercial vehicles.
- Increased technician performance through hands-on mentoring and technical guidance.

SUMMARY OF EXPERIENCE

- **11+ years** in automobile service and workshop management
- **6+ years** in commercial vehicle service operations (Eicher, Tata, Ashok Leyland, Toyota Dyna)
- **4+ years** in 2W & 3W service support and dealer coordination (Bajaj)
- **Managed team of 18+ technicians** handling 350+ service jobs per month
- Strong expertise in warranty administration, customer service management, and KPI reporting.
- Hands-on experience in technical diagnostics, CRDI/EMS systems, and root cause analysis.

EDUCATIONAL QUALIFICATIONS

Degree	Institution	Major	GPA	Year
B.Sc. in Engineering	City University of Bangladesh	Mechanical Engineering	3.21/4.00	2020
Diploma in Engineering	MAWTS Institute of Technology	Automobile Engineering	3.47/4.00	2013
Secondary School Certificate	Banskait P.J. High School	Business Studies	2.94/5.00	2009

TECHNICAL TRAINING & CERTIFICATIONS

- Industrial Attachment Training – Auto Solution, Dhaka
- Advanced Diesel Engine System Training – Runner Training Center, Mymensingh
- New Product Training: Ajax Fiori Construction Equipment – Rangs Motors Ltd, Dhaka
- Common Rail Direct Injection (CRDI) & EMS System Training – Rangs Training Center, Gazipur
- Engine & Clutch System Overhauling & Measurement – Rangs Training Center, Gazipur
- Motorcycle Servicing – NTVQF Level-1 (BTEB & NSDA)
- Automotive Mechanic – NTVQF Level-1 & Level-2 (BTEB & NSDA)
- EV, NEV & Driving Training -BYD Bangladesh, Tejgaon, Dhaka

TECHNICAL & COMPUTER SKILLS

Technical Skills

- Automobile diagnostics & troubleshooting
- Diesel engine repair & maintenance
- CRDI / EMS system diagnosis
- Hydraulic & pneumatic system maintenance
- Root cause failure analysis
- Workshop quality control
- Preventive maintenance planning
- Customer complaint handling

Computer Skills

- Microsoft Word, Excel & PowerPoint
- Dealer Management System (DMS)
- Winsoft (SAP), SSL Wireless, DBM, ERP & IFS Software
- MIS Reporting & KPI Dashboards
- Internet & Email Communication
- Basic Video Editing & Photoshop
- Expert in Advance AI Tools

Language Skills

- Bengali – Native Proficiency
- English – Professional Working Proficiency

EV SERVICE READINESS

Proactively building competency in Electric Vehicle technologies to stay aligned with the industry's shift toward sustainable mobility:

- **EV Drivetrain Fundamentals:** Understanding of BEV & HEV architectures, BLDC/PMSM motor types, and power electronics.
- **Battery Management System (BMS):** Li-ion battery pack behavior, SoC & SoH monitoring, thermal management principles.
- **Charging Systems:** AC Level 1/2, DC fast charging (CCS, CHAdeMO), On-Board Charger (OBC) components.
- **Regenerative Braking:** Energy recuperation strategies and regenerative braking system principles.
- **HV Safety Protocols:** High-voltage safety procedures, isolation resistance testing, and safe HV component handling.
- **Bajaj EV Products:** Familiar with Bajaj Chetak & RE EV platform — directly relevant to current employer's product range.
- **EV Diagnostics:** Awareness of EV-specific scan tools and OBD protocols for electric drivetrain fault diagnosis.

PERSONAL DETAILS

Date of Birth	15 July 1992	**NID Card No.**	821 305 4813
Gender	Male	**Passport No.**	A07503027
Marital Status	Married	**Driving License**	DK1031977CL0000
Nationality	Bangladeshi	**Religion**	Islam
Permanent Address	Vill. Kharuil, Post. Krishnapur, P.S. Muradnagar, Dist. Cumilla	**Birth Cert. No.**	19922692522454835
